

## Lancashire's Priorities :-

- The needs of children and young people must always come first.
- All parents and families should know how and where to get help if and when they need it.
- Support should be easily available and delivered in a non stigmatising setting at flexible times and locations to suit the need.
- The views of children, young people and their families must be taken into account when services are being designed and delivered.

# West Lancashire Parenting Forum

The Parenting Forum is a group of individuals and organisations who are interested in parenting support in West Lancashire

Our aim is to promote good practice and inform everyone of new developments and initiatives at National, Regional and Local Level

We provide opportunities to network and inform policy makers to let them know what **we** think is best practice and also what is needed.

## **Who Should Attend?**

Any parent or organisation involved in parenting is welcome to attend.

## **When and Where?**

We meet every 6 weeks for two hours at different venues across West Lancashire. You don't have to come to every meeting.
